The Department of Population Health Sciences in the School of Public Health at Georgia State University is seeking outstanding applicants for a tenure-track Assistant or Associate Professor position in Epidemiology. The successful candidate will develop and maintain a clear program of research and actively engage in collaborative work with other researchers in the field. Candidates should show promise for scholarly accomplishments, including building a strong publication record and obtaining extramural research funding. Candidates should also have demonstrated potential for meaningful contributions to graduate-level teaching and mentoring. Teaching assignments will depend on the expertise and interests of the candidate as well as departmental priorities. The ideal candidate will hold a doctorate in Epidemiology or a related field with special emphasis on advanced analytic skills. For applicants in related fields, advanced training in Epidemiology is required. Excellent oral and written communication skills are essential, and candidates must display a willingness and ability to contribute to the University and profession through service activities.

The select candidate will be joining an exceptional core faculty in the area of Epidemiology housed in the multi-disciplinary Department of Population Health Sciences within the School of Public Health at Georgia State University. Georgia State University is a leading urban research institution located in Atlanta, Georgia. Its unique and contemporary School of Public Health is a CEPH-accredited program with more than 400 graduate and undergraduate students and over 50 faculty and academic professionals with emphases in urban health research, applied public health, health policy, and community applications. We place a high value on diversity and seek to hire individuals committed to inclusivity in collaborative, interdisciplinary research and training programs.

Review of applications will begin on December 1, 2021 and will continue until the position is filled. Interviews will be conducted in ways that conform to Centers for Disease Control and Prevention (CDC) guidelines in the time of Covid-19. Virtual interviews or other hybrid formats may be considered, as needed, and in consultation with the candidates.
Interested individuals should submit:

i. a letter of interest (2 single-spaced pages or less) that includes a description of your qualifications, including a summary of your research program and evidence of teaching effectiveness;
ii. your curriculum vitae;
iii. up to three representative publications;
iv. a diversity, equity, and inclusiveness statement (500 words or less) explaining how you promote diversity, equity, and inclusion in your teaching, research, and service; and
v. the names and contact information for three references.

Chair, Epidemiology Search Committee (Log# 23-054)
School of Public Health, Georgia State University
P.O. Box 3995
Atlanta, GA, 30302
Phone: 404-413-1130
